Project/Equipment/Grant Title: CHALK TALK																			
<b>Short Description (Limit 5 Lines):</b> SCFD4 would like to record weekly videos on safety topics and post them on our social media sites (Facebook, Twitter, web site, Instagram). The videos – CHALK TALKS – would use a combination of hand drawn chalk graphics, live video and imported graphics to highlight seasonal safety and general information messages for the community.																			
<b>Project Budget: \$ 784.68</b>	<b>Amount Requested: \$ 784.68</b>																		
<b>3. Detailed Description:</b>	<p>Explain the proposal/activity/project/training and how it benefits the North Region. How will you spend the money? What do you plan to do? When? Where? Include specific information regarding cost, dates, location, and activities, as well as general information regarding the content and significance of the proposal.</p> <p>SCFD4 will mount a 3’x 4’ magnetic chalkboard in the lobby of Station 43. It will be the background for the drawn components of the weekly safety CHALK TALK messages. It can also be used when groups visit the station to illustrate tour and safety information. The printed banner background and green screen will be used during the live filmed portion of the safety messages when interviewing people and sharing screen shots. A ring light and Lavalier microphones will provide more professional light and sound quality for the videos. The videos will be shared across our Social Media platforms and stored on our website under THE KIDS SPOT tab. They will be fully accessible to the public. Community Service is our primary goal, and the acquisition of these resources will allow SCFD4 to provide virtual support and reach a larger audience with its safety programs.</p>																		

<p><b>Detailed Description – <i>continued</i></b> [Type text]</p>
<p><b>4. Summarize the Three Principal Objectives:</b></p>
<ol style="list-style-type: none"><li>1. SCFD4 will create weekly safety messages.</li><li>2. SCFD4 will share those weekly messages across their Social Media platforms.</li><li>3. SCFD4 will store the messages on the website and advertise their availability to the public.  (Educators, Senior Center, Boys &amp; Girls Club, Scouting Organizations, Lions Club, etc)</li></ol>
<p><b>5. Agency Information:</b> Describe the mission and/or goals of your organization. How does the proposed project relate to and enhance them? Why is the proposed funding request a priority at this time?</p>
<p>SCFD4's has a long history with its community and a strong desire to continue serving its citizens. Service models are changing due to social distancing concerns and the availability of remote learning. Our CHALK TALK project will allow us to provide and preserve fun and informational safety messages for the community. The unique format and archive feature will help us reach a large segment of the population that has come to depend on the internet and the resources it provides. It also helps safely fill the void created by the loss of in-person contact with so many of our citizens.</p>
